

# E-safety Parent Workshop

---

Leas Park Junior School

By Mr Walker

# Aims of the session

---

- Looking at keeping children safe online
- Computing and E-safety in the Computing Curriculum
- Be aware of the importance of communication with children about the time they spend online on a computer at home.
- Understand how to find out about setting up parental controls at home on mobiles, computer's, tablets devices.
- Know what to do if your child encounters problems online or how to talk to your child about internet safety at home.

# AGE CHECK - GAME

---

13

**13**

WHO GOT ALL THOSE RIGHT?

# The time your child spends on a computer

---

Children under 18 months should avoid screen time, other than video-chatting.

Children aged 18 months to 2 years can watch or use high-quality programs or apps if adults watch or play with them to help them understand what they're seeing

Children aged 2 years to 13 years can use technology with supervision for a maximum of 2-3 hours per day. However the device must not be used 1 hour before going to bed.

# E-Safety in the National Curriculum

Computer Science

Information Technology

Digital Literacy

	KS1	KS2
CS	<p>Understand what algorithms are how they are implemented as programs on digital devices, and that programs execute by following precise and unambiguous instructions</p> <p>Create and debug simple programs</p> <p>Use logical reasoning to predict the behaviour of simple programs</p>	<p>Design, write and debug programs that accomplish specific goals, including controlling or simulating physical systems, solve problems by decomposing them into smaller parts</p> <p>Use sequence, selection, and repetition in programs; work with variables and various forms of input and output</p> <p>Use logical reasoning to explain how some simple algorithms work and to detect and correct errors in algorithms and programs</p> <p>Understand computer networks including the internet; how they can provide multiple services, such as the World Wide Web</p> <p>Appreciate how [search] results are selected and ranked</p>
IT	<p>Use technology purposefully to create, organise, store, manipulate and retrieve digital content</p>	<p>Use search technologies effectively</p> <p>Select, use and combine a variety of software (including internet services) on a range of digital devices to design and create a range of programs, systems and content that accomplish given goals, including collecting, analysing, evaluating and presenting data and information</p>
DL	<p>Recognise common uses of information technology beyond school</p> <p>Use technology safely and respectfully, keeping personal information private; identify where to go for help and support when they have concerns about content or contact on the internet or other online technologies</p>	<p>Understand the opportunities [networks] offer for communication and collaboration</p> <p>Be discerning in evaluating digital content</p> <p>Use technology safely, respectfully and responsibly; recognise acceptable/unacceptable behaviour; identify a range of ways to report concerns about content and contact</p>

	CS	IT	DL
1	<p>Understand what algorithms are</p> <p>Create simple programs</p>	<p>Use technology purposefully to create digital content</p> <p>Use technology purposefully to store digital content</p> <p>Use technology purposefully to retrieve digital content</p>	<p>Use technology safely</p> <p>Keep personal information private</p> <p>Recognise common uses of information technology beyond school</p>

# DIGITAL FOOTPRINT

---

A digital footprint is a trail of data you create while using the Internet.

It includes the **websites** you visit, emails you send, and information you submit to **online services** an example service would be Facebook.

## What to do if your child sees inappropriate material online

---

- **Don't Panic or Overreact** - if your child tells you about something they have seen. You might feel shocked and angry but by dealing with it calmly your child will know they can turn to you again.

# DESIGNATED SAFEGUARDING LEADS (DSL)

---

- Helen Atkins - Executive Head Teacher
- Toni Hall - Head of School

Our Aims:

We and the school will seek to establish and maintain an ethos where children feel secure, are encouraged to talk and are listened to about safety in any form.

# Reflecting on the aims of the session

---

- Reflect on the potential risks of internet use for children. (Completed)
- Computing and E-safety in the Computing Curriculum. (Understand)
- Be aware of the importance of communication with children about the time they spend online or on a computer at home. (Understand)
- Understand how to find out about setting up parental controls at home on mobile, computer's, tablets devices. (Complete, Demo, Understand, Implement)
- Know what to do if your child encounters problems online or how to talk to your child about internet safety at home. (Understand)

# Any Question's

This presentation will be available to view on are website.

Please feel free to take some handout's related to E-Safety...
